Knobs			Same as above	Varies	----
Pulls			Same as above	Varies	----
Back Plates			Same as above	Varies	----
<p>Switch plates We custom manufacture the following switch plates – Single, double and triple toggle; and duplex receptacles. These are made on original AMEROCK tooling that I own. We also cut holes for GFI/decora rocker switches anywhere there is a toggle switch. I am still able to provide original Amerock factory made screws for the switch plates that I sell.</p>
